FACILITIES MASTER PLAN PROPOSED

As the College's academic, service and research programs have continued to expand and diversify, it has become necessary for Gallaudet to update its previous master plan.

The first campus master plan was prepared in 1868. Many of the buildings which were constructed in the 1870's and 1880's are still in use. There were few changes from the latter part of the 19th century to the post World War II period. With expanded growth in programs and enrollment in the 1950's and 1960's, a number of new buildings were constructed.

Nine new buildings are planned and extensive restoration will be carried out in many of the existing structures. In addition, offices will be relocated to make more efficient use of existing facilities as well as new structures to be added.

Planning and construction of the new buildings will span the next six to seven years. To be included are a Learning Center, Fieldhouse, Alumni-Continuing Education Center, Advanced and Special Programs Building, Faculty Visitor Housing, an addition to the Auditorium and three new dormitories.

When construction and relocation are completed, the campus will be utilized in the following manner.

.Public Service: College units which relate mainly to public and community service functions, alumni affairs, public information and similar functions will be located in the S.W. corner of the campus.

.Student Support Services: These activities will be centrally located in the area of the Student Union Building, Ely Hall, Peet Hall and the new Learning

Center.

.Academic: Existing facilities which are used for instructional purposes will comprise an academic zone and will be adjacent to student housing areas and student support services.

.Research: Research activities will be consolidated into a proposed new building within the academic zone.

.Residential: Housing for single students will be provided by a cluster of dormitories. Apartments will be located in Ely Hall for married students.

.Athletic: The existing gym and athletic fields will establish an athletic area.

.Physical Plant: The new Utility Building, now under construction, will provide the core for utilities and maintenance services.

.Pre-College Programs: The entire N.E. section of the campus will be assigned to Kendall and MSSD.

Copies of the facilities master plan are available from all budget unit heads.

POSITIONS AVAILABLE

SECRETARY I: MSSD

SAFETY AND SECURITY OFFICER: Department of Safety and Security

EVALUATION AIDE: MSSD

SECRETARY II: Office of the Dean for Pre-College Programs

CUSTODIAN: Maintenance

ASSISTANT IN MEDIA UTILIZATION: Library

COMMUNICATION SPECIALIST: Kendall School
INSTRUCTOR/ASSISTANT PROFESSOR: English
Department
DIRECTOR: MSSD
INSTRUCTOR: History Department
INSTRUCTOR/ASSISTANT PROFESSOR: Government
Department
DIRECTOR FOR DIVISION OF INSTRUCTION: MSSD
ASSOCIATE PROFESSOR OR PROFESSOR:
Audiology and Speech
Gallaudet College is an equal opportunity
employer.

VOTE...VOTE...VOTE...VOTE...VOTE...VOTE...

Elections for staff representatives to
the College Council will take place from
12 noon to 4:30 p.m. on February 26, and
from 8:30 a.m. to 12 noon on February 27.

You can vote at any of the following
locations: College Hall (room 4), HMB
(room 151), MSSD (Room Media Dept.), KDES
(Tempo 1) and Chapel Hall (Room 12 and
APR Office).

Two representatives will be elected from
the following candidates: Audrey Armstrong
(Department of Student Life), George Deborah
(Physical Plant), Laurence Herndon (Physical
Plant), Reba Hughes (Physical Education),
Sheryl Johnson (Development Office), Joe
Martin (Physical Plant), Daniel McHugh
(Department of Counseling), Sally Wagner
(Demographic Studies) and Marianne Walker
(MSSD).

AMONG OURSELVES

--Edward C. Merrill, Jr., Joe Sgro and
DoIn Hicks are meeting with leaders from
The Fields of education, business and
medicine in Dallas, Texas, to discuss the
Rehabilitation Act of 1973 and the various
programs and services offered by Gallaudet
College.

--Arun Vohra will be chairing a seminar
at the University of Maryland titled
"Energy Conservation in New Building
Design" on March 4. This seminar is part
of a nationwide series sponsored by the
American Society of Heating, Refrigerating
and Air Conditioning Engineers.

NOMINATION FOR DOCTOR MEDALLION

Nominations are being solicited for
the Powrie V. Doctor Medallion for In-
ternational Service. Although a screening
committee reviews nominations annually,
it does not necessarily select a recipient
each year.

This honor recognizes "those deaf and
hearing individuals and organizations that
have shown an extraordinary sensitivity
to communication, social, emotional or
employment problems of deaf people and
that have made a significant contribution
towards eliminating those problems for
the benefit of deaf people of the world."

Nominations with supporting data should
be sent to Steve Mathis.

COMPUTER COURSES OFFERED

Two courses with special sessions for
deaf participants will be offered by the
Civil Service Commission.

"An Introduction to ADP," March 29-
April 2, deadline for applying is
March 5. Cost of the course is \$200.

"Fundamentals of FORTRAN IV," April 6-
15, deadline for applying is March 12.
Cost of the course is \$410.

For information on how to apply, call
632-5650.

TALKING TO THE APES

Bill Stokoe and Eugene Linden, the
author of Apes, Men and Language, were
guests on "Panorama" last Thursday. They
discussed the fascinating work which is
being done to teach chimps sign language.

CANADIAN AMBASSADOR VISITS GALLAUDET

Ambassador and Mrs. Warren were the
guests of the Canadian students for
a tour of the LOOK OF SOUND and a re-
ception at the Edward Miner Gallaudet
Home. Members of the Canadian Club
also presented a short program for the
ambassador and his wife. There are 68
undergraduate students at the College
from Canada.

ON THE GREEN is published for the faculty
and staff of Gallaudet College each week
by the Office of Alumni and Public
Relations.
